Principal's foreword

Introduction

In 2012, Aviation High continued its position as a preferred school for students interested in aerospace and aviation. This has been reflected in the on-going enrolment growth since the school opened in 2007.

The school's key strategic direction of positioning itself to provide direct pathways for students seeking careers in the aviation and aerospace industries in Queensland has resulted in enrolments growing from 255 students in 2007 to 389 students (Day 8) in 2012.

This 2012 School Annual Report summarises the school's profile, curriculum offerings, social climate, staffing information, student performance and other key outcomes.

After undergoing significant facility improvements in recent years, Aviation High's main focus in 2012 was on the teaching and learning of students and using the new facilities to enhance those aviation and aerospace activities that make the school unique.

School progress towards its goals in 2012

From the Key Priorities and Strategic Activities for 2012 outlined in the Aviation High 2012 Short Term Operational Plan, the school has:

- Continued implementation of the 2010 Teaching and Learning Audit Improvement Plan
- Prepared for the transition to ACARA (National curriculum) while still maintaining QCAR and Aerospace initiatives
- Continued to develop and implement the Developing Performance Framework for Aviation High staff

Queensland State School Reporting

2012 School Annual Report

- Continued to develop literacy and numeracy knowledge and skills with an emphasis on improving student NAPLAN outcomes in Reading, Numeracy and Writing
- Implemented the EATSIPS school plan to extend the embedment of Aboriginal and Torres Strait Islander Perspectives into the school

Future outlook

The Key Priorities and Strategic Activities to be undertaken in 2012 include:

- Implementation of the Art and Science of Teaching (ASOT)
- Implementation of the Australian Curriculum (C2C) for Yr. 8-10 Maths, Science and English and preparation for the introduction of History in 2013
- Continued implementation of the 2010 Teaching and Learning Audit Improvement Plan
- On-going development and implementation of the Developing Performance Framework for Aviation High staff
- Continued development of literacy and numeracy knowledge and skills with an emphasis on improving student NAPLAN outcomes in Reading, Numeracy and Writing
- Continued implementation of the EATSIPS school plan to extend the embedment of Aboriginal and Torres Strait Islander Perspectives into the school

School Profile

Coeducational or single sex: Coeducational

Year levels offered in 2012: Year 8 - Year 12

Total student enrolments for this school:

	Total	Girls	Boys	Enrolment Continuity (Feb 2012 – Nov 2012)
2010	382	107	275	88%
2011	427	107	320	86%
2012	393	89	304	89%

Student counts are based on the Census (August) enrolment collection.

Characteristics of the student body:

Aviation High consists of predominantly single year classes from year 8 to year 12. Across the school there is a gender ratio of 71.70% male and 28.30% female students.

Students generally stay in the same form throughout their time at Aviation High and have the same Year Coordinator for multiple years. Continuity of individual teachers depends on teacher movement and timetabling. Students come to the school predominantly for its Aviation focus and its location. Approximately 65% of students live outside of the school's normal catchment area. There have been families that have relocated from other areas within Queensland and interstate specifically for the aviation immersed curriculum opportunities.

Student family composition of single-parent, two-parent & lifestyle choice is representative of the broader local community. 3.29% of students at the school are Indigenous students.

Previous students graduating from Aviation High have progressed on to a broad range of career paths including university programs; certificate programs at registered training providers and full time employment. Scholarships and direct entry to further education and training providers have been received by Aviation High students.

The most common reason for students leaving the school prior to completing their studies is due to the distances travelled from home to school.

A variety of transport modes are used by students to attend Aviation High with train and bus travel being the most widely used. Other students travel by car, bike and walking. The Toombul interchange provides close access for both bus and train travel, while the East West Arterial Rd and the nearby Gateway Motorway provide good vehicular access to the school.

Average Class sizes

Phase	Average Class Size		
	2010	2011	2012
Year 4 – Year 10	22	24	23
Year 11 – Year 12	16	18	17

School Disciplinary Absences

Disciplinary Absences	Count of Incidents		
	2010	2011	2012
Short Suspensions - 1 to 5 days	71	90	54
Long Suspensions - 6 to 20 days	13	8	4
Exclusions	1	2	2
Cancellations of Enrolment	1	2	2

Curriculum offerings

Our distinctive curriculum offerings In 2012, as part of the educational philosophy of Aviation High, all subjects in all year levels embedded an

Aerospace/aviation context where appropriate and where applicable. More specific subjects included:

- A Course in Aircraft Maintenance Engineering - 4 x 70min periods per week program for Yr. 11 and Yr. 12 students that directly articulates to a Certificate IV in Aero skills (the trade qualification for building and maintaining aircraft)delivered by Aviation High staff under the Registered Training Organisation status of Aviation Australia.
- Aero skills Technology - a practical aerospace related Technology KLA subject for Yrs. 8 to 10
- Aerospace Communications - aimed at improving student literacy for Yrs. 8 and 9
- Manufacturing SAS - Aero skills Studies- an Authority Registered subject for Yr. 11 and 12, which introduces aircraft design, construction and maintenance through model aircraft
- The Authority Senior subject Aerospace Studies which provides a rigorous overview of the broader aerospace and aviation industries.

Although the school's curriculum has aligned with career paths in the aerospace industry, students who may eventually choose not to work in the industry were still able to have the opportunity to achieve a Queensland Certificate of Education and experience a broad range of curriculum offerings to ensure multiple pathways were available to them for the future.

Extra curricula activities

In 2012, Aviation High students participated in the following extra curricula activities:

- Australian Defence Force Academy Open Day in Canberra
- Work experience for Yrs. 10/11/12 students with major aerospace and aviation companies as part of the Aerospace
- Gateway Schools program
- Air Force Cadets with 220 Squadron based at the school

Our school at a glance

- The Australian Youth Rocketry Challenge (runners up by Aviation High)
- ARCAA UAV (Unmanned Aerial Vehicle) Challenge at Kingaroy
- The School Band
- Aviation High Open Day - student displays as part of the event
- Charity fundraising activities by the Aviation High Student Council
- Yr. 8 and 12 School Camps
- Chemistry Competitions
- UK Aerospace challenge funding by support from the Defence Material Organisation
- Celebrate Indigenous Day
- 20% of students involved in Maths competitions

How Information and Communication Technologies are used to assist learning

Computers are an integral part of the curriculum structure at Aviation High. Teachers have been provided with professional development training related to the use of Information and Communication Technologies (ICT) in the classroom. Every effort is made to ensure that students and staff have good access to computers and appropriate supporting software across a broad range of subject areas. It is intended that the use of computer technologies be embedded as an integral part of all subject areas

Social climate

Aviation High is committed to providing a supportive school environment where all members feel safe and

are valued; where social and academic learning outcomes are maximised for all through a quality curriculum,

interpersonal relationships and school organisation; where school practices are proactive rather than reactive

and where appropriate and non-discriminatory language and behaviours are defined, modelled and reinforced.

The Responsible Behaviour Plan for Students is the means by which we ensure this supportive school environment deals with issues of "bullying or harassment".

Our goals are to support students to become 'contributing citizens of this school community'. This support is based upon providing an environment that: is accountable in regard to a focus on the promotion of learning, encourages social participation, and promotes acceptance of diversity.

We aim to develop skills of resilience in students through achievement, becoming part of the school community, finding meaning in difficult situation, expressing feelings appropriately and having at least one adult that they can rely upon. Our pastoral care program consists of support staff (school nurse, chaplain, year level coordinators, guidance officer, deputy principals and heads of departments) who constantly meet the challenges presented through mentoring and guiding our students.

Our school at a glance

Parent, student and staff satisfaction with the school

Collectively the community has a 91.5% satisfaction with the school

Performance measure (Nationally agreed items shown*)

Percentage of school staff who agree:	2012 [#]
that they have good access to quality professional development	90.7%
with the individual staff morale items	92.6%

* Nationally agreed student and parent/caregiver items were incorporated in the School Opinion Survey in 2012.

[#] Percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement. Due to changes to the School Opinion Surveys in 2012, comparisons with results for previous years are not recommended.

DW = Data withheld to ensure confidentiality.

Involving parents in their child's education

At Aviation High, significant time and effort is committed to the on-going development of the school's curriculum with input from the aerospace industry and the broader school community. Meetings with staff, emails, telephone and written correspondence has been used to seek the broader communities input into the curriculum at the school.

The Aviation High Parents and Citizens Association (which meets the second Wednesday of each month) has had on going input into the school's curriculum, facilities, behaviour policies, uniform and school operation. Individual parents are encouraged to work with the school's Administration, Heads of Department, Guidance Officer, Year Coordinators and class room teachers on a regular basis. Quarterly reporting structures and subsequent parent/teacher meetings also assist and encourage parents to be actively involved in their child's education.

Parents are welcome to make appointments to see members of the Administration team and/or HOD's, Guidance Officer, Year Coordinators, and teaching staff to discuss their students' progress and/or welfare. Parents are invited to attend special functions and celebrations of learning that occur during the school year.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Aviation High has sustained significant growth in staff and student numbers since 2007,

there has been a proportional increase in the use of power and water at the school. For electricity, the addition of a 4kw solar panel system; the replacement of older style air conditioning units with more efficient inverter units; the use of low energy lights and a commitment by staff to turn off lights, power, air conditioners etc. when leaving classrooms. For water, the 30,000 litre water tank that supplies water to all of the toilets to help reduce the school's demand on the water supply.

	Environmental footprint indicators	
	Electricity kWh	Water kL
2009-2010	319,152	1,858
2010-2011	245,232	971
2011-2012	327,296	991

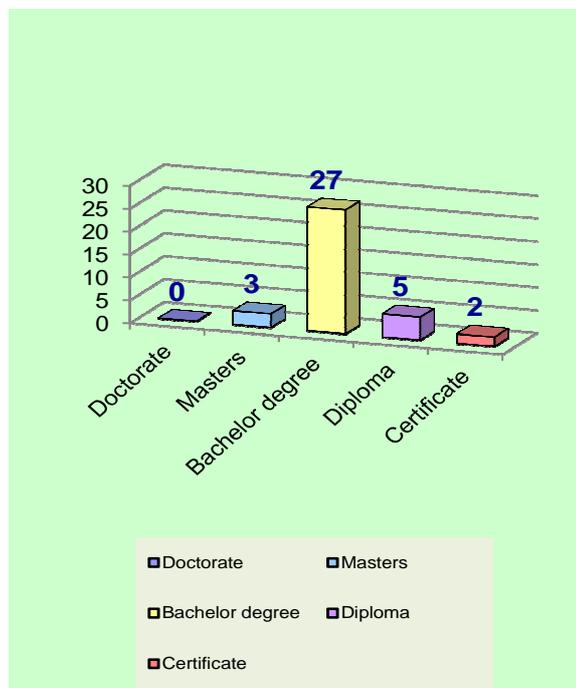

Our staff profile

Staff composition, including Indigenous staff

2012 Workforce Composition	Teaching Staff	Non-teaching Staff	Indigenous Staff
Headcounts	36	24	0
Full-time equivalents	33.9	16.1	0

Student Attendance Distribution

The proportions of students by attendance range.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

At Aviation High, Form class attendance rolls are marked by a nominated Form teacher during the 10 min form class period at the beginning of each day (on Parade on Fridays). The rolls are returned to the school Administration office at the end of the Form period and entered into a computer based reporting system.

All students arriving late are entered into a computer electronically on arrival.

All phone calls from parents regarding their child away sick etc are entered into a computer electronically.

The system generates a student absence list which is distributed to all staff during Period 1.

All staff maintain class attendance rolls for each of their lessons during the day. These are cross referenced with the daily student absence list to ensure students are not missing individual classes during the day.

In Period 4 all classes rolls are forwarded to the Administration office where they are entered into a

Performance of our students

computer based reporting system. Daily attendance report reprinted – this indicates any students who may have been present at form class roll and are not at period 4 class. This report forwarded to Deputy Principal for follow up.

Parents may be telephoned daily regarding students who are consistently absent. Deputy Principals contact missing students the following morning and issue detentions. Absentee letters sent to parents every fortnight. Parents are required to contact school by telephone or returning signed letter indicating why student was absent. This information is entered into a computer based reporting system.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

Performance of our students

Achievement – Closing the Gap

Due to the small number (>4) of indigenous students attending Aviation High in each year level, appropriate reporting in this section is difficult without identifying individuals. It may be stated that Aviation High is committed to the principles of “Closing the Gap” in relation to the attendance, attainment and retention of our indigenous students.

Apparent retention rates Year 10 to Year 12	2010	2011	2012
Year 12 student enrolment as a percentage of the Year 10 student cohort.	125%	109%	87%

Outcomes for our Year 12 cohorts	2010	2011	2012

Number of students awarded an International Baccalaureate Diploma (IBD).	0	0	0
Percentage of OP/IBD eligible students with OP 1-15 or an IBD.	58%	65%	75%
Percentage of Year 12 students who are completing or completed a SAT or were awarded one or more of the following: QCE, IBD, VET qualification.	69%	71%	90%
Percentage of Queensland Tertiary Admissions Centre (QTAC) applicants receiving an offer.	91%	93%	94%

As at 2 May 2013. The above values exclude VISA students.

Overall Position Bands (OP)

	Number of students in each Band for OP 1 to 25.				
	OP 1-5	OP 6-10	OP 11-15	OP 16-20	OP 21-25
2010	2	9	12	10	7
2011	7	9	20	14	5
2012	7	10	16	11	0

As at 2 May 2013. The above values exclude VISA students.

Performance of our students

Vocational Educational Training qualification (VET)

Number of students awarded certificates under the Australian Qualification Framework (AQF).

	Certificate I	Certificate II	Certificate III or above
2010	20	11	2
2011	19	11	5
2012	25	28	8

As at 2 May 2013. The above values exclude VISA students.

The Certificate I qualifications completed by the students included a Certificate I in Hospitality (Kitchen Operations), Certificate I in Information Technology and Certificate I in Work Education.

Post-school destination information

At the time of publishing this School Annual Report, the results of the 2012 Year 12 cohort's post-school destinations survey, *Next Step – Student Destination Report* for the school were not available. Information about these post-school destinations of our students will be incorporated into this Report in September.

Early leavers information

Students who intend to leave the school before completing the post compulsory years of schooling are encouraged to have an interview with the Administration and/or the Guidance Officer to consider the possible options available to them if they were to leave school early. The majority of students leave school early to commence full time work or training such as apprenticeships or traineeships.
