## EAST COAST APPRENTICESHIPS

### “Earn while you learn”

East Coast Apprenticeships combines both theory and practical on-site skills learning. Our approach is to directly employ potential apprentices such as yourself by placing you with ‘Host Employers’ which are usually local, small to medium sized businesses. You will work and train under the supervision of an experienced tradesperson upon placement with a Host Employer. This combined approach ensures a well-rounded apprenticeship experience that prepares you for a successful career in your desired trade

## MAS NATIONAL

Each week Mas matches hundreds of apprentices with businesses across all industries ranging from trade and retail, to science and technology.

Beyond assisting you with your apprenticeship, we will help you craft your ideal career path. Our career consultants work with you to identify the support you need and help you develop skills in the relevant areas.
