

How Mathspace can support your learning

Use the hints

These do not affect your score. Hints can be used after every step!

Review the lesson

Review the relevant textbook section right here.

Watch a video (if available)

Have a teacher explain the problem to you.

Collaborate

Check with one of your peers or ask your teacher.

Skip step

After 2 or 3 attempts at a step, skip it if you are still unsure. Your teacher can review your work and assist where necessary.
