

Aviation High School is a small quality high school that excels in student academic achievement in all areas of the junior and senior curriculum.
We offer all of our students opportunities to excel in any field in which they are interested.

If you want your child to attend a small, quality high school that:

- Only has your child's best interests at heart
- Is small enough for everyone to know everyone's name (average class size in the junior school is 21)
- Has a Welfare Program that builds relationships and resilience and caters for students' social, emotional and academic wellbeing
- Has state of the art facilities
- Has an unrelenting focus on student learning and improvement

Then come and see what we offer.
