# What is the house points system?

The House Points System has expanded and built on house spirit and pride associated with our sport carnivals. The house point system is a year long competition where students earn points and for their house through academic success, sporting achievement and participation and representation of school service and school culture.

This competition allows all students to contribute to their house, Miller, Hinkler or Kingsford-Smith. Throughout the term our school pauses for updates to see who is leading the house points competition. These announcements at whole school parades and year level assemblies provides us time to formally acknowledge and celebrate the success of our staff and students. The house points competition allows all members of the Aviation High Community to recognise and congratulate staff and students on the wonderful programs, efforts, service and achievements of our High School.
